The following questions on your research interests will help determine the most appropriate faculty members to read your application:

1. Please list the topics you currently feel you would be most interested in doing research on in graduate school. Use brief phrases, for example, schizophrenia, psychotherapy process, family interaction, subtypes of depression. (Note that these are examples only, just to show you what we mean by "brief phrases.") List as many or as few topics as you like.

2. If there are one or two Psychology faculty whose research is of particular interest to you, please indicate their names.

3. In my research in graduate school (Master's and Doctoral), I want to study families and /or children. Please indicate your degree of agreement with this statement by circling a number between 1 and 5:

1	2	3	4	5
Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree

4. In my research in graduate school (Master's and Doctoral), I want to study adults. Please indicate your degree of agreement with this statement by circling a number between 1 and 5:
